Ecclesiastical Declarations – Transportation, Travel, and Legal Authority

1. Declaration of Right to Travel by Divine Authority

All sovereign beneficiaries of this trust retain the unrestricted right to travel freely by land, sea, and air.

Travel is not a commercial activity and shall not be converted into privilege by regulatory codes.

This declaration rebukes all claims of licensing or registration requirements under secular governance.

2. Writ of Non-Participation in State Motor Vehicle Systems

All vehicles registered to the trust are ecclesiastical conveyances for sacred use, not commercial transport.

License plates, titles, and insurance imposed by state actors are hereby null and void within this trust.

Any enforcement against ecclesiastical conveyance shall be deemed unlawful interference.

3. Affidavit of Ecclesiastical Travel Immunity

Travel and movement of trust members shall be considered immune from stop, search, seizure, citation, or restraint by secular agents.

This immunity is guaranteed under spiritual jurisdiction and is not subject to revocation.

All travel is sacred in nature, for divine and private purpose.

4. Writ of Jurisdictional Rebuttal to Civil and Criminal Systems

This trust does not recognize the authority of civil or criminal codes unless expressly agreed to by the ecclesiastical trustee.

No agency, judge, or officer shall impose legal obligation on the trust or its beneficiaries without ecclesiastical consent.

Jurisdiction shall be rebutted on all grounds where divine law is supreme.

5. Declaration of Ecclesiastical Tribunal Authority

Disputes involving the trust or its members shall be heard only by ecclesiastical tribunals or spiritual councils.

No participation in foreign courts or administrative hearings is permitted without divine sanction.

Justice must be rendered according to spiritual conscience, not codified procedure.

6. Affidavit of Legal Non-Consent

No document, citation, warrant, or summons issued by a secular entity shall bind this trust unless explicitly consented to.

This affidavit stands as a permanent notice of non-consent to all external legal obligations.

All attempts to bind or adjudicate the trust shall be spiritually nullified.

Sealed by authority of the Ecclesiastical Private Trust.
